

VIJAY R

Frontend Developer

Madurai, Tamil Nadu | +91 7904248458 | vijay31235@gmail.com | linkedin.com/in/vj12 | github.com/RVJVIJAY

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building scalable, responsive web applications using React.js, TypeScript, Redux Toolkit, and React Query. Skilled in healthcare and wellness platforms, API integration, role-based access control, and real-time communication features, with a strong focus on clean, reusable UI components.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, PrimeReact, Ant Design

State Management: Redux Toolkit, React Query, Context API

Forms & Validation: React Hook Form, Yup

API & Integration: REST APIs, Axios

Real-Time Communication: Socket.IO, Agora

Tools & Platforms: Git, GitHub, Vite, Webpack, Figma

AI Tools: ChatGPT, GitHub Copilot, Cursor, Claude, Windsurf, Antigravity

PROFESSIONAL EXPERIENCE

Frontend Developer | Dreams Technologies, Coimbatore | Jul 2024 – Present

- Built responsive, reusable React components for multi-role healthcare applications, improving development speed and UI consistency across modules.
- Integrated REST APIs across multiple modules and optimized frontend performance, reducing unnecessary re-renders and improving page load responsiveness.
- Implemented form validation, role-based authentication, and dashboard modules used across Client, Patient, and Admin portals.
- Collaborated closely with backend and design teams to translate Figma designs into pixel-accurate, scalable frontend solutions.
- Identified and resolved UI/UX bugs proactively, contributing to a more stable and polished user experience across releases.

PROJECTS

Healing Sky – Healthcare & Wellness Platform

Multi-role (Client, Patient, Super Admin) wellness platform covering Mental Health, Psychiatry, and Yoga programs. Set up project architecture, built reusable UI components with form validation, and delivered blog/content management, meeting scheduling, and account reporting modules.

Tech: React.js, TypeScript, Redux Toolkit, PrimeReact, Axios, React Hook Form, Yup

UCC (Urgent Care Colombia) – Healthcare Management System

Multi-role platform (Patients, Doctors, Nurses, Office Managers, Coordinators, Admins) with role-based auth, OTP login, and access control. Built doctor dashboards, patient queue and appointment booking (Telehealth/In-Office/Home Visit), real-time chat via Socket.IO, and Agora video consultations.

Tech: React.js, TypeScript, Redux Toolkit, React Query, PrimeReact, Socket.IO, Agora, Axios, Yup

EDUCATION

Master of Science, Computer Science — Thiagarajar College, Madurai | 2022–2024 | CGPA: 8.42

Bachelor of Science, Information Technology — NMSSVN College, Madurai | 2019–2022 | CGPA: 8.26

ADDITIONAL HIGHLIGHTS

Certifications

- Python – Certificate of Achievement, GUVI, 2023
- Front End Development (HTML) – Great Learning Academy, 2023

Achievements & Activities

- 2nd Prize – Web Designing, interFACE'24 (State-Level), The Gandhigram Rural Institute, 2024
- Participation – Coding Brigaders, Techno Club, Thiagarajar College, 2023
- Participation – Debugging Event, Techno Club, Thiagarajar College, 2023
